

Does Bedfordshire have lots of examples of all aspects of Garden History?

Yes, as shown in this light-hearted talk which provides examples from all eras + a garden history cartoon!

An easy to view, pictorial miscellany of a wide variety of garden history in Bedfordshire + a cartoon! A selection through the centuries from the Waldon Pear mentioned by Shakespeare to the 1990s gardens at Stockwood Park. The talk uses pictures, paintings, postcards, diaries, maps etc. to illustrate that garden history covers gardens big and small from Wrest Park to allotments and looks at items in garden landscapes from walled gardens to sun dials."
